How to use these printables

Print

- Print at 100% ("Actual size"), not "Fit to page", so the shapes match the instructions.
- Print the templates on plain paper to cut out and trace, or print straight onto colored paper.
- Use cardstock for the large letters if you want a sturdier craft.

Make

- Each craft page lists its shapes, the paper colors and short steps.
- Cut the large uppercase A on the letter page first. Most crafts are built on it.
- For younger children, cut the shapes ahead of time and let them do the gluing.
- Photo steps and tips for every craft are at thetidyporch.com/letter-a-crafts/

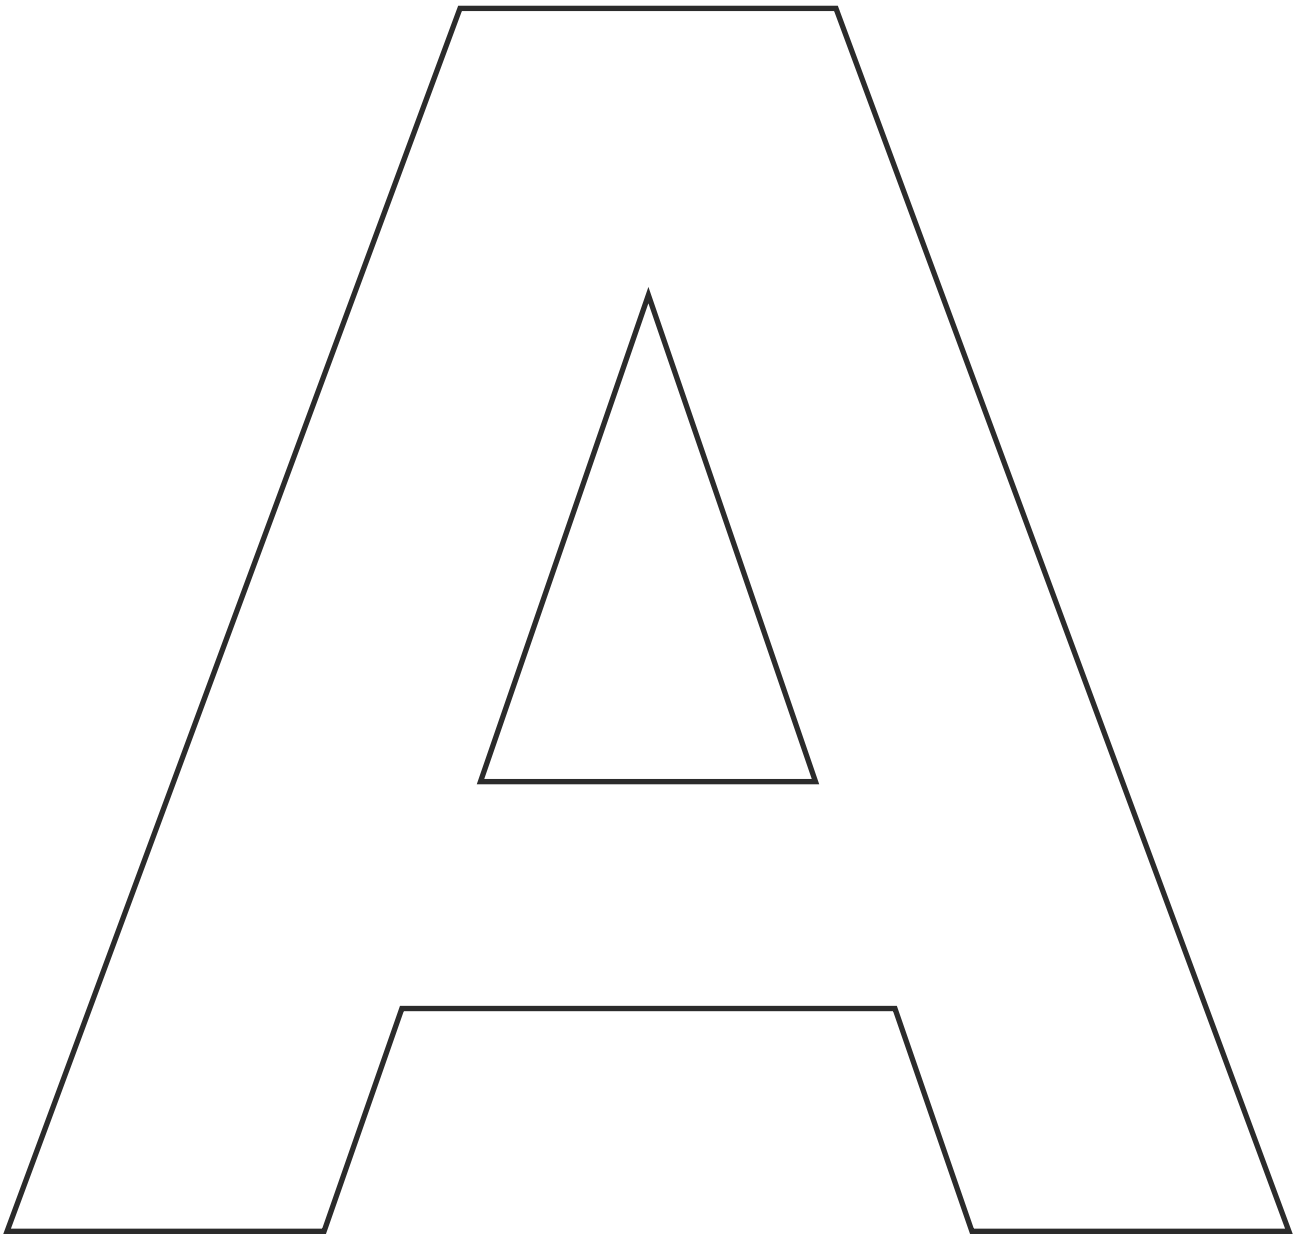

Terms of use

You may print as many copies as you need for your own family or your own classroom. Please do not sell, share, upload, or give away the files, the images or any part of them, and do not claim them as your own. Questions? Visit thetidyporch.com/contact-us/
